

EMERGENT
AI SOLUTIONS

Capabilities

AI your team will actually use, proven by real KPIs

We help businesses implement AI that reduces busywork and cuts costs. The **EAIS Keystone Operating Model™** drives ROI and growth while empowering real people to use AI. Governance is built in from day one to mitigate risk at every step.

Keystone Operating Model

Decision Intelligence

Accessible, explainable AI for business users.

Agentic Automation

Deployable multi-agent workflows and processes.

Information Solutions

Repeatable frameworks for better outcomes.

Toolkit at Work

Transparent Co-Build

No black boxes, just measurable value.

AI Audit Kit

Practical policies for AI security and compliance.

Controls Cookbook

Proven approach for reducing data risk.

Operator Academy

Training for AI-driven organizational change.

Governance From Day One

- KPI-Based Controls
- Data Protection and Traceability
- Vetted, contracted vendors
